

SCTE™ Business Data Solutions Course

A broad overview of the required technology for broadband business installations.

Endorsed by the SCTE™ - The Society for Broadband Professionals.

Delivered by Broadband Training or for individual study.

Topics include:-

- Telephony
- HFC Networks
- Digital Networks
- Understanding Wi-Fi
- Optical Theory

This course is available:-

- As a hardcopy reference manual and optional online exam.
- Using the online SCTE™ Learning Management System including exam.

Online exams are used by the SCTE™ to assess the students and award certificates to successful candidates.

The assessment structure is easy-to-use, questions are randomly allocated and pass/fail results can be given immediately.
